

# The Texas Slave Descendant's Society

We want to be able to preserve the story of the indigenous people exploited through slave and prison labor in Texas. We want to be able to award educational scholarships to youth of the next generation.

Our mission is to enlighten, encourage and empower youth via educational scholarships which are awarded to descendants of slaves and indigenous people of Texas by way of various endowments.

To preserve the old Imperial Black Prison facility (the main building) located at Hwy. 6 and Hwy. 90, for a historical theater and research cultural center which will also include the old Imperial Sugar Char-House.

Our story begins on the Oakland Plantation...
